INFORMATION

in the mass seems like a dull proposition but when we have a need of some person or thing nothing interests us more than getting information about that person or thing.

This directory looks like a big book to be walked around or fallen over or put out of the way, until you need some information that it contains—then it becomes the handiest thing around the place.

Has it ever occurred to you how much information you could get from this book, if you really knew how to use it?

There is a great mass of information here, arranged in a logical way that experience has shown most easily referred to. It does take a little study to know how to make full use of it however, like anything else worth while.

A little study that opens up a new way to save time or increase accuracy is an asset to anyone. It may be you will find a lot of information you did not know was here before, that you would have spent a lot of time and trouble to find in other ways, and you will have increased your efficiency just that much.

In buying, in selling, in shipping, correspondence, granting credit, sending bills, collecting money—

CONSULT YOUR DIRECTORY

Accurate Information is worth all it costs.

THE TROY DIRECTORY

ALSO

Cohoes and Waterford
Watervliet and Green Island, N. Y.

FOR THE YEAR COMMENCING SEPTEMBER 1

1927

VOLUME XCVIII

Containing

Alphabetical Section. (Troy, page 233; Cohoes and Waterford, page 747; Watervliet and Green Island, page 927.) Gives names, occupations and addresses of all men twenty years old or over, women who carry on business, widows, and all business houses. Dates of deaths during the previous year are given, and where possible, the addresses of people who have moved to other cities. The names of partners in firms are given in this department with much other information that cannot be found elsewhere.

Business Directory. (Troy, page 665; Cohoes and Waterford, page 899; Watervliet and Green Island, page 1039.) All business houses, individuals in business for themselves, and professional men are listed without charge under the heading that best describes them. The more progressive houses, realizing that it pays to be easily found, pay a nominal charge for special listings in heavy type, under every heading where a buyer might look for them, cross-indexed to a descriptive space in the "reference section."

House Directory. (Troy, page 565; Cohoes and Waterford, page 859; Watervliet and Green Island, page 1011.) A list of Householders and Places of Business arranged in numerical order upon their respective Streets. The Streets are arranged in alphabetical order and show ward in which they are located. The location of Intersecting Streets is clearly shown at the actual numbers where they intersect.

Advertising Department. (Page 77.) Where more information than is possible to give under the headings is placed on file for buyer's and seller's reference. The value of this department cannot be estimated. It is an index of the best business interests of the city, and stands for them and the city in reference libraries all over the country, as well as on the desks of progressive business men. It is accessible to everybody, and the logical place to look for specific information. This probably explains why no other form of publicity is so generally endorsed by business men, as a glance at this department will show.

Map. (Opposite this Page.) The clearest map ever made of the city, on a scale large enough to see, and small enough to be handled easily.

Street Directory. (Page 53.) A complete list of Streets, giving numbers at intersections, and enabling one to tell at once between what streets a given number lies, and the quickest way to get there.

An alphabetical list of Halls, Blocks and Buildings from which street and number may be found for addresses which only give name of a certain building.

Miscellaneous Information. (Page 7.) Organization of City Departments, giving officers—Cemeteries—Post Office branches—Parcel Post zones and rates—Churches and ministers—Societies, Institutions, etc., with officers—Courts—Population tables—Calendar, etc.

TROY STREET DIRECTORY

COPYRIGHT, 1927, SAMPSON & MURDOCK CO., INC.

Giving the name of each street and showing what other streets and places run from it or across it with the number at which they intersect.

From this list the location of any number on a street can be easily ascertained; as for instance, wishing to know at what part of Second street No. 168 comes, look at Second street, and it is found that Liberty street crosses at 156, Washington street at 178, showing that 168 Second street would come half way between Liberty and Washington streets.

Ciphers are substituted for numbers on streets not fully numbered.

There are two kinds of Advertising

That which the Buyer seeks, and that which is thrust upon him.

Both are good

Display advertising *suggests* wants and *creates* desire. Of its tremendous power many present day successes bear witness.

Reference Advertising steps in when the desire has been created. It shows where the goods can be purchased and gives information that the buyer wants *when he wants to buy.*

A Connecting Link

The weakness of display advertising is that often a need is not realized until the ad that suggested it is misplaced or thrown away.

A shrewd buyer usually looks the field over before buying and where is so logical a place to look as *in this book.*

A Help to You

In your buying, use the lists in this book. If you see a name in *heavy type* it is because that concern thought enough of your possible business to make it easy for you to find them. If it says "See page — —", you will find there information that will really help you.

Are You Covered

Have you made it easy for buyers to find you, by putting a bold type listing under every heading where they might look for you or a competitor? Have you put information in the "Selling Section" that will really help a buyer, and point to *you* as the one who can serve him best?

If not, make a note to do it in the next edition, and let us tell you *now* how little it costs to be *protected.*

Information

in the mass seems like a dull proposition, but when we have a need of some person or thing nothing interests us more than getting information about that person or thing.

This directory looks like a big book to be walked around or fallen over or put out of the way, until you need some information that it contains—then it becomes the handiest thing around the place.

Has it ever occurred to you how much information you could get from this book, if you really knew how to use it?

There is a great mass of information here, arranged in a logical way that experience has shown most easily referred to. It does take a little study to know how to make full use, however, like anything else worth while.

A little study that opens up a new way to save time or increase accuracy is an asset to anyone. It may be you will find a lot of information you did not know was here before, that you would have spent a lot of time and trouble to find in other ways, and you will have increased your efficiency just that much. In buying, in selling, in shipping, correspondence, granting credit, sending bills, collecting money—

ADDRESSING

Addressing is one important detail if you wish to get maximum results from any mail campaign.

Envelopes not accurately addressed are generally near enough right so that they do not come back to the sender—But they do hurt results if they look poor or have wrong first names or initials.

We urge you to visit our much enlarged plant on the seventh floor of the Harbor Building, 470 Atlantic Avenue.

We offer a complete service including—Lists—Use of Lists—Addressing—Mailing—Copy Work—and Letters which are exactly like typewritten copies.

THE BANK FOR YOUR SAVINGS

The Troy Savings Bank—a bank of proved strength—is the ideal depository for your funds.

It has been the guardian of the people's savings for over a century and is a purely mutual institution conducted solely in the interests of depositors.

Thousands of men and women have accumulated substantial accounts by regularly depositing a fixed portion—sometimes a very small amount—of their earnings every week or month; what others have done you also can do. Deposits received from $1.00 to $7,500.

Remember more than one half of the money spent on advertising yearly, goes for ads which are used for kindling purposes 48 hours after publication.

It is not so with Directory Ads

for they are bought to be used continuously throughout the entire year by the general public and business men alike.

Your ad is there on file, as in a ledger, indexed by the Classified Heading of the business in which you are engaged, and can be turned to immediately when wanted.

Sampson & Murdock Co., Inc.

Directory Publishers

448 BROADWAY - ALBANY, N. Y.

A Public Service Publication

Few lines of Business have such a varied clientele as has the City Directory. It serves high and low, rich and poor, with equal impartiality and with profit to all.

It answers the questions What? and Who? which arise in daily Business life and fills a position occupied by no other publication under the sun. It is often used from its issue until it falls to pieces and seldom will you find one entirely discarded while its leaves cling together. A publication which is used so universally and whose life is so long, must appeal to every shrewd business man as a most desirable advertising medium.

Every Wasted Minute Costs You Money

Whether it's your time or that of an inexpensive clerk that is wasted by using an out of date directory, the loss is yours.

In the course of a year the time wasted usually costs far more than the price of a new directory.

Misdirected parcels or messages cause expense and annoyance.

Cut out this leak. Order a new directory at once. It will pay you bigger dividends for the money invested than you realize.
